

***Amendments to the Claims***

Claims 1-26 (cancelled).

Claim 27 (currently amended):      A moldable article for conforming to a complex curvature object, comprising:

~~an object~~ a layer including a thermo-malleable material; and

a plurality of susceptors impregnated in said thermo-malleable material, wherein said susceptors are capable of converting energy into heat, such that said layer when softened by said heat is malleable to conform to a complex curvature of an object.

Claim 28 (previously presented):      The article of claim 27, wherein said thermo-malleable material is a liquid thermo-malleable polymer.

Claim 29 (previously presented):      The article of claim 28, wherein said liquid thermo-malleable polymer is liquid ethylene-vinyl acetate.

Claim 30 (previously presented):      The article of claim 27, wherein said susceptors are chosen from the group comprising metals and metal oxides.

Claim 31 (previously presented):      The article of claim 27, wherein said susceptors are tin oxides.

Claim 32 (currently amended): <u>moldable article</u> is a racket handle.	The article of claim 27, wherein said <del>object</del>
Claim 33 (currently amended): <u>moldable article</u> is a helmet.	The article of claim 27, wherein said <del>object</del>
Claim 34 (currently amended): <u>moldable article</u> is a grip.	The article of claim 27, wherein said <del>object</del>
Claim 35 (currently amended): <u>moldable article</u> is a bandage.	The article of claim 27, wherein said <del>object</del>
Claim 36 (currently amended): <u>moldable article</u> is body padding.	The article of claim 27, wherein said <del>object</del>
Claim 37 (currently amended): <u>moldable article</u> is a glove.	The article of claim 27, wherein said <del>object</del>
Claim 38 (currently amended): <u>moldable article</u> is a sock.	The article of claim 27, wherein said <del>object</del>
Claim 39 (currently amended): <u>moldable article</u> is a mouthguard.	The article of claim 27, wherein said <del>object</del>

Claim 40 (currently amended):      The article of claim 27, wherein said ~~object~~  
moldable article is a seat.

Claim 41 (currently amended):      The article of claim 27, wherein said ~~object~~  
moldable article is selected from the group consisting of elbow pads, knee pads, shoulder  
pads, arm pads and wrist pads.

Claim 42 (currently amended):      The article of claim 27, wherein said ~~object~~  
moldable article is a mask.

Claim 43 (currently amended):      The article of claim 27, wherein said ~~object~~  
moldable article is an athletic supporter cup.

Claim 44 (currently amended):      The article of claim 27, wherein said ~~object~~  
moldable article is a sports bra.

Claim 45 (currently amended):      The article of claim 27, wherein said ~~object~~  
moldable article is an ear pad.

Claim 46 (currently amended):      The article of claim 27, wherein said ~~object~~  
moldable article is a nose pad.

Claim 47 (currently amended): The article of claim 27, wherein said ~~object~~  
moldable article is a watch band.

Claim 48 (currently amended): The article of claim 27, wherein said ~~object~~  
moldable article is a cap brim.

Claim 49 (currently amended): The article of claim 27, wherein said ~~object~~  
moldable article is a cast.

Claim 50 (currently amended): The article of claim 27, wherein said ~~object~~  
moldable article is a footbed.

Claim 51 (previously presented): The article of claim 50, wherein said  
footbed is a foot pad.

Claim 52 (previously presented): The article of claim 50, wherein said  
footbed is an insole.

Claim 53 (previously presented): The article of claim 27, wherein said  
thermo-malleable material is a foamed thermo-malleable polymer.

Claim 54 (new): The article of claim 27, wherein the amount of susceptor is  
limited such that there is no electrical transfer between susceptor particles.
